SERVANTS IN A PANIC

Turkey Has Withdrawn the Protection of the Army.

VENGEANCE IS FEARED

Albanians May Take Advantage of the Situation.

MACEDONIA IS ANGRY

Charges That Turkey Isn't Trying to Help.

Cettinje, Montenegro, Aug. 12.—The Servians throughout OM Serbia are in a state of panic because of the departure of the Turkish troops for Monastir, which removes all protection from the Servians against the Vengeance of the Albanians.

London, Aug. 12.—The Daily Mail this morning prints a dispatch from Belgrade which says that the Macedonian insurgents never appear in great numbers, but in scattered detachments, thus baffling the Turkish troops and avoiding open encounters. They confine themselves mostly to the destruction of villages and crops, expecting in this way to compel the populace to join the rebellion. The Turkish soldiers are powerless with the small detachments, and perpetrate the most terrible outrages under the pretense of combating the insurgents. Bani Bazarke have become the curse of the village. They rob and murder indiscriminately. A climax may occur at any time. Even at Belgrade the Mohammedans are beginning to arm themselves. The Turks now threaten recourse to dynamite.

As far as known the villages have been destroyed: Korst Nared, Narakov, Kosinac, Schelovo, Lichadere, Vladovo, Ostrovo, Sorovitch, Eklischu, Rakits and Jeter. On Tuesday the rebels failed in an attempt to set fire to Monastir. The correspondent regards the situation as desperate.

The Times prints a dispatch from Sofia which says that the Turkish authorities at Uskub have distributed 5,000 rifles to the Mohammedan population, which already threatens the Christians with massacre.

Sofia, Bulgaria, Aug. 12.—The Bulgarian foreign office has received very disturbing news from its agent at Uskub. The Mohammedans are daily gathering in the mosques and it is feared that a massacre of the Christians is impending. Officials here express the belief that the intervention of the powers alone can prevent a disaster.

The most astonishing feature of the situation here is the remarkable quietude with which the people have received the news of the fresh fighting in Macedonia. The whole outbreak came as a great surprise, even to the local revolutionary committees, which were not prepared for so early a rising. In spite of the stirring appeals of the committees little or no popular enthusiasm is apparent, not even among the 20,000 Macedonian residents of Sofia. How long this condition will last depends largely on the developments in Macedonia. At present the center of the disturbance is Monastir, a long way off. Should the rising spread to the vilayet of Uskub and come near to the Bulgarian frontier it is probable that the population of Bulgaria will become aroused.

Constantinople, Aug. 12.—One hundred and fifty revolutionists were killed in the fighting at Sorovitch, August 9, according to official Turkish reports. The same dispatch, which have been communicated to the Russian and Austrian embassies, state that the insurrectionary movement is increasing daily. Hilmi Pasha, inspector general of the sultan's Macedonian reforms, reports that the young men in all the Bulgarian villages are fleeing to the mountains to join the insurgent bands. Many among the Bulgarian peasantry, without the center of the disturbance, were compelled by threats to help the revolutionary committees.

Husein Hilmi Pasha, who has been appointed wali of Monastir, reports a similar spread of the insurrectionary movement in the vilayet of Salonika, where, he says, the committees are resolved on the same campaign of massacre, incendiarism and pillage as the vilayet of Monastir.

Salonica, Aug. 12.—Dr. Mandelstam, the acting Russian consul at Uskub, who has been appointed to succeed M. Rostkovski, the murdered consul, at Monastir, reached that town today. Some anxiety had been felt for his safety, as nothing had been heard of him since he left his post at Uskub a couple of days ago. The Mutasarrif of the Uskub district refused to give Dr. Mandelstam an escort. The consul insisted on proceeding to his new post and having obtained an escort from Hilmi Pasha, he started on his own responsibility across country for Monastir.

Sofia, Aug. 12.—The government charges Turkey with doing less to prevent the insurgents from crossing the frontier than Bulgaria, though Turkey maintains four times as many troops along the border. The Turkish soldiers invariably retire to their barracks at sunset and remain there until sunrise, leaving free access to the Macedonian insurgents during the night. The Turks fight bravely during daylight, but dislike skirmishing in the dark.

It is everywhere declared that the present ministry is doing its utmost to check the revolutionary movement, but the situation is reaching a point where circumstances may prove too strong for them. The growing economic depression in the country constitutes a dangerous factor in the situation.

EFFECTS AT JAMAICA.
Kingston, Jamaica, Aug. 12.—The effects of the hurricane upon the island of Jamaica were greater than at first believed. Port Antonio, on the north coast, was completely overwhelmed. Only six houses were left standing there. The United Fruit company's wharves, offices, hotel and plantations were utterly demolished. Five of the company's steamers, includ-

ing the Simon Dunois, Alfred Dunois and Brighton, were driven ashore, but are lying in easy positions. Port Maria, another town on the coast, also suffered similarly. The coast is strewn with the wreckage of local sailing vessels. It is feared that the loss of life has been heavy, 30 fatalities having already been reported, principally among seamen.

The entire eastern end of the island has been devastated. Villages have been wiped out and house building and ships thousands are rendered homeless and destitute in seeking for an shelter. The destruction of the banana plantations has been complete and the fruit trade is paralyzed for the next twelve months. Hundreds of prosperous fruit growers have been brought bankruptcy and ruin. The western end of the island, which it was at first supposed had escaped, also suffered considerably. New banana plantations planted there were partly destroyed, and the orange and coffee crops were also injured.

The Norwegian steamer Salvatore Di Gloria, was driven ashore at Anapa bay and lies in a dangerous position. Several sailing vessels were wrecked on the north side. It is still stormy and threatening and there are fears that there may be a renewal of the storm. Thousands of houses in Kingston were damaged, the wharves were battered and several coast boats were sunk in the harbor. Trade is practically at a standstill.

The southeastern portion of the island has been partly denuded of its crops, the river flooded and many men were carried out to sea and drowned. Considering the damage to property during the hurricane the loss of life was comparatively small, though the present estimate is now that the death list will reach 50. Hundreds of persons were injured and there were numerous half-breath escapes. The property loss is estimated at \$12,000,000.

Cettinje, Montenegro, Aug. 12.—It is reported that Peric Pasha, while leaving Epek with Turkish troops, was attacked by Albanians and severely wounded.

Sofia, Aug. 12.—Representatives of the Macedonian committee say that the Roumanian and Greek inhabitants of a number of villages have joined the insurgents, and that the Mohammedans are taking refuge in the cities and towns. At Krushevo the revolutionists have seized the repeating rifles and ammunition stored in the magazine. It is stated that Prince Ferdinand will spend next Saturday, the anniversary of his accession to the throne, with his family in Hungary.

Vienna, Aug. 12.—Statements from Bulgaria sources assert that the revolutionists possess 3,000 rifles, 15,000,000 cartridges and four tons of dynamite; that the insurgents number 25,000, of whom 10,000 are in the vilayet of Monastir.

CANDIDATE

GENERAL MILES IS COY ON HIS PRESIDENTIAL BOOM.

Democratic Committeeman Mack Says the Movement Has Started.

Colorado Springs, Aug. 12.—General Nelson A. Miles, on his way to the National G. A. R. encampment, stopped over at Colorado Springs for several hours this afternoon. He was tendered a reception by a great crowd of veterans and afterward by the citizens. He was repeatedly cheered. Some veterans cheered him as "Our Next Democratic President." He was asked the question if he would consent to any movement to place his name before the next national Democratic convention. He replied: "That is a subject, of course, on which I have nothing to say."

Norman T. Mack, member of the national Democratic committee, who is spending the summer here and Mrs. Mack entertained General Miles at dinner. After the dinner a reception was tendered General Miles at the Antlers hotel by the citizens of Colorado Springs. At the reception was Governor Cummins of Iowa.

Mr. Mack, when asked his opinion on the movement said:

"General Miles can be looked upon as a formidable candidate and would make a good president if elected."

MOB IS FRANTIC.

Sheriff Protects Negro and Colored People Are Terrified.

Whitesboro, Tex., Aug. 12.—An attempted assault today by a mob of about 75 whites on the arrest of eight negroes, seven of whom were released. The other was held for identification. About 8 o'clock tonight a mob took possession of the town and hanged him to the limb of a tree. He had not become unconscious when Officer Sherman, pushing through the mob, cut down the negro and hurried him to Sherman.

After the negro had been forcibly taken from the mob they began to terrify the colored people of the town. Guns were fired promiscuously in the negro section. The terror stricken negroes were ordered to leave town at once, and outgoing trains on all roads were filled with negroes.

RESTORES THE TABLETS.

Russians Stole Them From the Forbidden City.

San Francisco, Aug. 12.—Captain A. V. P. Anderson of the Sixth cavalry, who arrived from the Orient on the transport Legion in possession of three jade tablets on which is written a part of the history of the doury kingdom. The tablets were taken by the Russians from the forbidden city of Peking. At Yung Tsun the Russian officer gave three of the tablets to Captain Anderson, who will present them to the Chinese consul general in this city, as he knows that they are held sacred by the Chinese government. He therefore restores them to their rightful owners.

IMPROMPTU RECEPTION.

General Miles Receives Cordial Reception at Denver.

Denver, Aug. 12.—General Nelson A. Miles and party, enroute to San Francisco, arrived in Denver early this afternoon. The general was met at the union station by many of his old comrades and other prominent citizens and an impromptu reception was held. During the afternoon a reception was given to General Miles by the Lovel Legion. He was also entertained at the Denver club. The party left over the Denver and Rio Grande for the west this evening.

London, Aug. 12.—King Edward sailed today from Port Victoria, at the mouth of the Thames, on the Royal yacht Victoria and Albert for England, whence he will go direct to Marlborough, to take the waters for a fortnight.

BIG DEAL REPORTED

Sea Board Air Line Passes Into Rock Island Hands.

FRISCO LINES EXPAND

Through Their Plan Competition Is Throttled.

RATES TO BE MAINTAINED

Will Be No Cutting on the Southern Lines.

New York, Aug. 12.—The long expected announcement that the Sea Board Air Line had passed practically into new hands was made today by Ludenburg, Thalman and company, who issued a statement showing that in this representing the Rock Island and St. Louis and San Francisco had secured representation in the Sea Board directorate and board of voting trustees.

Mr. Toakum is president of the St. Louis and San Francisco, for which company J. P. Morgan & Co. are fiscal agents. The official announcement of the deal said:

"The change of personnel of voting trustees of the stock of the Sea Board Air Line company does not mean the purchase of the company by Rock Island or Frisco interests, although the Frisco lines extend into Birmingham and a part of the Southern situation. It does, however, emphasize the fact that all the great railway systems are carrying out the policy of more closely cementing the railway transportation interests in this country, which will greatly retard and it is hoped entirely prevent demoralization of the rate situation or the unnecessary construction of property."

One of the voting trustees, when asked to state the real significance of the deal, said it meant a "better understanding among interests that have at various times conflicted."

The policy of the Sea Board line for a long time was one of absolute independence so as to make it at times inimical to the interests of the opposing roads traversing adjacent territory. Today's developments, it is thought, will do away with such trouble in the future. The differences between the so-called Morgan interests represented by the Southern railway, and the Sea Board Air Line people during the late few years has been a sharp one. In contrast with the old time rate cutting which the Sea Board indulged in, it has been significant that in recent years it has had a sort of silent investigation of the rates, so that all of the railroads in southern territory would be able to get as much profit out of their traffic.

The Sea Board Air Line company, operating 2,611 miles of road, was formed under the laws of Virginia in 1900 to succeed the old Richmond, Petersburg and Carolina railroad. The system now extends from Richmond, Va., to Tampa, Fla., with connections extending west to Montgomery and Birmingham, and east to Charleston, Wilmington and Norfolk. A traffic agreement with the Pennsylvania and a through passenger and freight service is maintained between Washington and New York.

The Sea Board Air Line also owns the Bay Line Steamship company, operating from Baltimore to Norfolk.

SUSPENDS THE ATTORNEY.

Judge Owers Rebukes the Officer and Commends His Course.

Georgetown, Colo., Aug. 12.—Judge Owers today suspended Horace G. Thurman, district attorney of the first judicial district, from further service in the investigation of the blowing up of the Sun and Moon transformer, and the explosion from Idaho Springs of fourteen members of the miners' union by members of the Citizens' Protective league, and appointed as a special prosecutor in the Idaho Springs cases Willis Elliott of Denver. Judge Owers lectured his laxity in an official way and commended his appointment of men as deputy sheriffs who had not been in the county exceeding forty-eight hours. Ralph Talbot, who was understood to represent the Citizens' league of Idaho Springs, gave notice that he would apply for a writ of prohibition in the supreme court in order to test the court's right to suspend the district attorney.

SECONDED THE MOTION.

Steamship Subsidy Matter Creates a Discussion in Parliament.

London, Aug. 12.—In the house of commons tonight Gerald Balfour, president of the board of trade, moved that the house approve the government's agreement with the Cunard Steamship company and the International Mercantile Marine company, providing for the use of British steamships in carrying the mails and as auxiliary cruisers under certain conditions.

Mr. Robertson moved an objection and moved as an amendment that "the house regrets the arrangement without first ascertaining the terms on which the government's agreement might be by other companies." Sir Charles Dikek seconded Mr. Robertson's motion. His only objection to the agreement with the Morgan combination, he said, was that it was a bargain by the British government with foreign interests.

PRESIDENT'S GUESTS.

Senate Committee on Finance Is Drafting a Currency Measure.

Oyster Bay, N. Y., Aug. 12.—President Roosevelt has as his guest tonight at Sagamore Hill the members of the subcommittee of the senate committee on finance which is engaged in drafting a currency measure to be submitted to congress next fall. The subcommittee consists of Senators Aldrich, Rhode Island, chairman; Platt, Conn.; Allison, Iowa; and Spooner, Wisconsin. Before the adjournment of congress last spring this subcommittee was appointed and

authorized to sit during the recess of congress to study the financial situation and prepare a measure to meet the requirement, as the committee viewed, for introduction into the senate. On this work the committee, some times as individuals, part of the time as a body, have been engaged during the latter part of the summer. For a day or two the members have been guests of Senator Aldrich at his Warwick residence near Providence. They are preparing now to put into concrete the results of their investigations and labors. Desiring to consult with President Roosevelt regarding the work the subcommittee came to Oyster Bay late this afternoon. It could not be ascertained definitely whether a draft of a currency bill had been made and was to be discussed tonight or not, but as the senators have been engaged for two days at Warwick, with their colleagues and stenographers, it is reasonably certain that some progress has been made toward the preparation of a currency bill.

The object of the committee was to ascertain the views of President Roosevelt with definiteness, in order, if possible, to meet them in the framing of a measure. It is understood to be the desire of all, including the president, that the bill should be ready for introduction at the extra session which the president has announced he will call for Monday, November 4. Before that time the subcommittee will submit its draft of the proposed measure to the full Republican membership of the committee of finance and probably to such other Republican senators as may be accessible. The president is not wedded to any particular plan of currency reform, so called, but desires simply that a practicable scheme be evolved and put into the form of legislation at an early date, that will render the currency system of the country more elastic and less liable to be effected by the fluctuations of values or crop moving seasons.

In a general way his ideas have been presented in some of his speeches during recent months. It is said to be unlikely that any definite information concerning the work of the subcommittee will be given to the public at this time.

POPE IS WELL.

Photographers Are Permitted to Take a Snap Shot.

Rome, Aug. 12.—The pope, being now practically well again, two photographers were granted permission today to photograph him in the garden of the Vatican. He also received in private audience the mayor of Rome, who afterward went to the installation of a telegraph line to the birthplace of the pope. The request was immediately granted, and the installation will be made at the government's expense.

OMEN

JEFFRIES KILLED A BUCK ON HIS LAST TRAINING DAY.

Odds on the Champion Are Three to One at Los Angeles.

San Francisco, Aug. 12.—The day for the contest for the heavy weight championship approaches and interest in the event continues high, though contrary to expectations the betting is still light. Jeffries remains a 2 to 1 favorite, despite the fact that many good judges have picked Corbett as the winner.

The report from Los Angeles, the home of Jeffries, states that the champion is a 2 to 1 choice there.

Jeffries, accompanied by his brother Jack, Billy Delaney and Joe Kennedy, is quartered at the rooms of the Reliance club in Oakland, where they will remain until Friday evening. Jeffries signalled his last day at the Springs by shooting a 2-year-old buck. This he considered an omen of good luck, and he was in his gymnasium until 10 o'clock. His work consisted of boxing ten pounds with his brother Jack and Joe Kennedy, skipping the rope 1,200 times and finishing with a clog dance. Then he had a rub-down and retired, sleeping nine solid hours. When he awoke he felt so well that he went on the road. Tomorrow he will have a "warm up" and on Friday he will rest the entire day.

"I'd rather beat Jeffries than the czar of Russia," said Corbett today when told that Billy Delaney said that the czar of Russia hadn't money enough to make Jeffries hit money. "Then Corbett added: 'It's the sole ambition of my life to regain the championship, and if it's in my bones I'm going to win. If I lose, then it's not in me, and that's all there is about it.'"

All the hard work is over now at the Corbett camp. The ex-champion punched the light bag for a few rounds this morning and the appeared with Sam Berger and Yank Kenny. He exercised this afternoon consisted of walking and running.

The advance sale of seats for the contest indicates a \$60,000 house.

An important side issue of the big fight will be the contest between Harry Forbes and Frankie Neil for the bantam weight championship Thursday night. Both men claim they will enter the ring at 115 pounds. The betting is 10 to 6 in favor of Forbes.

PUBLIC MEETING.

Split in Hamilton County Democratic Convention Takes Place.

Cincinnati, Aug. 12.—The Democratic convention of Hamilton county today selected forty-two delegates to the state convention. A majority of these delegates favor John L. Zimmerman for governor as against Tom L. Johnson of Cleveland.

Forty delegates who held a second convention this afternoon after the Democratic convention of Hamilton county had adjourned have called a public meeting at G. A. R. hall for next Friday night. One object of the meeting is to protest against the requirement that the governor be a resident of the state.

The Commercial Banking company is a small private institution with a capital stock of only \$25,000. Mr. Leland was told that he had to make a statement as to how the depositors would fare. The bank will not open in the morning.

TELEGRAPHIC BRIEVITIES.

Philadelphia, Pa., Aug. 12.—Eight of the victims of the recent grand stand accident at the baseball park were buried today. The coroner's inquest will be held next Tuesday. The board of directors of the baseball club at the special meeting today, decided to postpone all games until after the inquest.

Pittsburg, Pa., Aug. 12.—A telegram tonight from Somerset, Pa., signed by Michael McKinley, is as follows: "Reports

TROPICAL HURRICANE

It Was Central Near Western Coast of Cuba.

RECURVES AND EXPANDS

Storm Warnings Have Been Sent to Atlantic Coast.

JAMAICA OVERWHELMED

Feared Loss of Life Has Been Heavy There.

Washington, Aug. 12.—The tropical storm was apparently central Wednesday afternoon near extreme western Cuba and receding. It should enter the southwestern gulf of Mexico during Wednesday night and move northward or northward during Thursday. Hurricane warnings have been continued from Port Eads to Jupiter and to Charleston, from Jacksonville to Charleston.

TAFT WON'T TALK.

Would Like to Solve a Few Philippine Problems.

Manila, Aug. 12.—Governor General Taft refused to discuss today his probable appointment as successor to the secretary of war, Root, when the latter retired, saying that he had not yet been offered the appointment. It is generally believed here that Governor Taft does not wish to leave the Philippines until numerous problems now pending are solved. The situation is to show results pledged for the rebuilding of the Philippines whose devotion to and faith in Governor Taft are remarkable. It is known in any event that Governor Taft does not desire to leave before next February, but it is thought his departure would cause a sacrifice. In the meantime it is stated that relatives and friends are constantly urging him to return to the mainland. Governor Taft is now enjoying excellent health though after living nearly four years in the tropics he is liable to a recurrence of the dysentery.

Governor Taft is now personally formulating measures of the utmost importance to the islands. The rumor of the probable retirement of Governor Taft is agitating the archipelago and the provincial people and Filipino press is begging him to remain.

PTOMAIN POISONING.

Remarkable Cure Is Reported From a Virginia Town.

Washington, Aug. 12.—A remarkable case of ptomaine poisoning is reported tonight from Ashbury, Va., twenty miles outside Washington. A large number of persons had gathered to attend the sale of the dairy farm owned by Senator Stewart of Nevada. The senator served to the prospective buyers a light lunch, consisting of coffee, ham and beef sandwiches. Shortly afterwards at least five persons were taken suddenly ill, suffering from ptomaine poisoning. One after another they fell to the ground, writhing in agony. Horsemen were dispatched in all directions for doctors, and a number responded and took prompt measures to relieve the sufferers.

In a statement issued at 11 o'clock tonight the doctors stated that their patients are out of danger, though many are quite ill. An examination developed the fact that the beef, which was purchased in Washington and kept in cold storage on the farm for some days, was the cause of the poisoning.

RUINED

CASHIER HAS GAMBLER AWAY HIS EMPLOYER'S FORTUNE.

President of the Bank Loses Results of His Life's Work.

Duluth, Minn., Aug. 12.—E. E. Johnson, bookkeeper for the Commercial Banking company of this city, was arrested here this evening on a warrant charging him with the embezzlement of \$45,000 of the bank's money.

When placed in jail Johnson admitted his guilt and claimed that his pecuniary had extended over a period of eight months and that he had been able to deceive his employers by a manipulation of the books.

Asked as to what he had done with so much money, he declared that he had squandered it in stock speculation and that not a dollar of the amount was saved.

President Charles F. Leland of the Commercial Banking company, said tonight that he had had to tide over the affairs of the bank so that it could continue doing business but found that this was impossible and the institution therefore will not be open for business in the morning.

"I am a ruined man," said he, "and the efforts of years have been wiped away by the embezzlement. I have trusted my own boys and when the truth dawned upon me that he had taken the money it was all that I could do to believe it."

Johnson is 35 years old, unmarried and the son of J. P. Johnson, the clerk of the court of St. Louis county, who is an old and much respected citizen.

The Commercial Banking company is a small private institution with a capital stock of only \$25,000. Mr. Leland was told that he had to make a statement as to how the depositors would fare. The bank will not open in the morning.
